Obtener el tag por medio de HtmlAgilityPack Buenas noches amigos, lo que necesito es que me recomienden la forma mas optima de obtener el valor de un tag que se encuentra dentro de una lista que tiene la siguiente estructura: DESCRIPCION...

What's New In AutoCAD?

The Windows and Mac operating systems are no longer the primary AutoCAD user interfaces. You can now work with AutoCAD on Linux, Mac, Windows, Android and iOS devices. Basic AutoCAD commands in German and Dutch. More than 20 languages will be added in the next version of AutoCAD, including: Arabic, Brazilian Portuguese, Czech, Danish, English (Australia), English (South Africa), English (United Kingdom), Finnish, French, French (Canada), Greek, Hebrew, Hungarian, Italian, Japanese, Korean, Norwegian, Polish, Portuguese, Russian, Simplified Chinese, Spanish, Swedish, Traditional Chinese, Turkish and Vietnamese. Lightweight rendering for CAD: Create complex, high-quality drawings with less effort and time. Paint: Drag a brush to freeform paint in 2D, 3D and Raster views. Move around and rotate in real-time, and see multiple views of the same model with freeform paint. (video: 1:39 min.) Dozens of new brush presets, special painting tools, image adjustments and camera effects, the ability to choose the color of brush strokes, and customizable brush settings. Explore thousands of Free Paint Presets, including new special and landscape brushes for architectural drawing, a brush for specular highlights, and a special brush for marking shadows. Create custom brush settings with just a few clicks. Autocad 2023 is here! Get ready for exciting updates on the new release, coming your way. New Features in AutoCAD Refine your drawings with new tools in the Revisions panel. The Revisions panel includes options for simplifying and refining layers and drawing steps, adding and deleting crosshairs, applying and unapplying automatic filters, and much more. Use the panel to quickly clean up your drawings by removing unnecessary detail and re-importing or smoothing crosshairs. Crosshairs in Revisions: Explore the new and improved Revisions panel, which includes new options for adjusting and using crosshairs. Revisions Panel: Use the new Revisions panel to rework your layers and editing steps. New and Improved Layer Management You can now apply filters to layers in different views and automatically hide layers that are not currently visible. Make your drawings look professional with the ability to keep editing information visible. Hide and Show L
