Category:English-language slang Category:English phrases Category:Parodies Category:Archive (file format) Category:Internet memes introduced in the 2000sThe present invention relates to an axle driving apparatus in a hybrid vehicle having an internal combustion engine and a motor as the power source for driving wheels, is known as a type of vehicles. Japanese Patent Application Laid-Open Publication No. 2006-8580 describes a typical example of such a hybrid vehicle. In the hybrid vehicle described in the above reference, an engine and an electric motor are connected to each other via a transmission, and these components are provided with accessory units such as a power steering unit and a water pump. The engine, the electric motor and these accessories can be automatically controlled by a control unit in the same manner as in the case of a non-hybrid vehicle.
